

Dear Colleagues,

Welcome to international **IIH-symposium** preceding the National Neurosurgical Days of Finland 2017.

It will be a pleasure for us to welcome you to the first Kuopio International Idiopathic Intracranial Hypertension (IIH) Symposium in conjunction with **CELDA® User Meeting**:

In Kuopio, Finland, **20<sup>th</sup> of September** 2017.  
 Hotel Scandic

We have prepared a very attractive scientific programme (*attached*) and practical information and current updates on CELDA® tool assessing cerebrospinal fluid (CSF) dynamics in different pathologies associated with disturbed CSF circulation. We support the opportunity to bring your own cases to what we hope will be a truly interactive meeting.

We will present our prospective international multicenter study on IIH.

We look forward to seeing you in Kuopio!

Terhi Huttunen MD PhD  
 NeuroCenter, Dept. of Neurosurgery  
 Kuopio University Hospital, Finland
